We want you to have the best possible experience from your course. Our staff will try to ensure that the course you have chosen fully meets your needs for an enjoyable learning experience. The tutor will give you the course aims and ask you to choose a few personal goals. Examples could be:

- Increasing confidence
- Gaining skills for employment
- Volunteering
- Meeting new people

For courses that are fully funded, you will be required to complete a simple form called an Individual Learning Plan (ILP) which will be used to record your personal goals and progress during the course. At the end of the course the ILP (with the guidance of the tutor) will help you to decide what to do next, for example:

- Re-enrol on the following term
- Take the course at the next level
- Apply for a job
- Set up or join a club

Please take the opportunity to use this process to make the most of your learning experience in our centre.

INDUCTION

At the beginning of the course the tutor will go through an induction process with you covering:

- The course content.
- Teaching methods.
- Assessment procedures - such as use of initial assessment and ILPs to record progress and achievement.
- Course review requirements.
- Additional study time if required.
- Course requirement for books and materials.
- Examination entry and fees (if applicable).
- The opportunity to discuss in confidence any specific needs relating to the course you may have.
- Any other additional course costs.
- The Complaints Procedure - if you have a compliment or complaint please come to the Learn and Train office in the first instance.
- Health and Safety requirements
- Emergency Exits
- First Aid

The College aims to ensure that every student has the best possible chance of success.

Our priority is your learning and the learner information guide is a declaration of that intent.

It is a two-way partnership lasting throughout your time on the course which will help us help you.

Please let us know if you have any suggestions on how to improve our service.
